

iPhone Training

dpi offers iPhone training for customers of any level.* We offer three available courses including **iPhone Basics**, **iPhone Advanced** and the streamlined **iPhone Quickstart For Executives**. All of the courses are customized to make the most of the amazing features the iPhone has to offer from daily use to enterprise level integration.

iPhone Basics

iPhone Basics is a two hour seminar designed to train users on the basic functions and settings for the iPhone, iTunes and MobileMe. *iPhone Basics and iPhone Advanced are taught back to back with the option to take one or both classes.*

- | | | |
|--------------------------|----------------------------|----------------|
| :: Power and Battery | :: SMS / MMS | :: Notes |
| :: Syncing With iTunes | :: Maps | :: Clock |
| :: Syncing With MobileMe | :: Calendar | :: Voice Memos |
| :: Phone | :: Camera / Photos / Video | :: Settings |

iPhone Advanced

iPhone Advanced is a two hour seminar designed to train users in the advanced functions, tips and tricks and settings for the iPhone, iTunes and MobileMe. *iPhone Basics and iPhone Advanced are taught back to back with the option to take one or both classes.*

- | | | |
|---------------------------|----------------------------|----------------------------|
| :: Advanced Settings | :: Maps | :: Advanced iTunes Syncing |
| :: Extending Battery Life | :: Camera / Photos / Video | :: MobileMe Integration |
| :: Mail | :: App Store | |
| :: Contacts | :: iTunes Store | |

iPhone Quickstart For Executives

iPhone Quickstart For Executives is a streamlined one hour seminar designed to familiarize participants with setting up and using the iPhone for business.

- | | | |
|---------------------|------------------|----------------------------------|
| :: iTunes Syncing | :: Screen Lock | :: WiFi |
| :: Mail | :: Power Basics | :: MobileMe Integration |
| :: Calendar | :: Navigation | :: Find My Phone |
| :: Contacts | :: Web Browsing | :: Remote Wipe |
| :: General Settings | :: Airplane Mode | :: Searching and Purchasing Apps |

**Please note that some of the features covered in the classes will require iPhone software version 3.1 and or an iPhone 3G or 3GS.*
